

## Compensation History in PeopleSoft

Employees may directly access their compensation history at any time by logging into your myHumboldt portal screen, then selecting PeopleSoft HCM and navigating to **Main Menu > Self Service > Payroll and Compensation > Compensation History**. Compensation History shows current salary rates and detailed information about any changes in pay over time (e.g., General Salary Increases, reclassifications, time base/pay plan changes, etc.). Salary history information is available back to 2003, when PeopleSoft was implemented on our campus.

**NOTE:** For positions that pay on an **hourly basis** (e.g., Intermittent Hourly), Compensation History will show accurate information for hourly pay rates only. Monthly and annual rates in PeopleSoft for hourly employees are based on generic calculations and will not display accurately.

A screenshot showing how to access PeopleSoft and Compensation History is available below.

Please contact Human Resources at [hsuhr@humboldt.edu](mailto:hsuhr@humboldt.edu) or (707) 826-3626 if you have any questions about your salary or the Compensation History screens in PeopleSoft.

You can login to PeopleSoft through the link on your myHumboldt page:

### Main Menu > Self Service > Payroll and Compensation > Compensation History
