Responsibilities of Department Chairs

The department chair or program leader is the key on-line administrator within the total structure of the college academic administration at Cal Poly Humboldt. It is at the level of the department chair where academic-administrative policy of the university is implemented and where feedback is generated to college and university levels that will determine whether a given policy is continued, modified, or abandoned. Department chairs are not usually “administrators” as defined by the faculty collective bargaining agreement, but the general functions and responsibilities of the position remain the same. In the following description, the tasks within each department of a more clerical nature are not cited, although most chairs may be required to perform many of them.

The functions identified are those assigned to all department chairs at Cal Poly Humboldt. In all cases, whether as a defined “administrator” or not, the chair needs to consult extensively with the members of the unit to assure that the best thinking of the department has been brought to bear on the issues, but must also be prepared to make his or her own personal best judgment on each matter.
