

HUMBOLDT STATE UNIVERSITY

Vacancy Announcement Temporary Faculty Position Starting August 2021 Department of Environmental Resources Engineering JOB # 2122-07

Humboldt State University is a Hispanic-Serving Institution (HSI) that strives to foster an equitable and inclusive community that supports our students of diverse backgrounds. Humboldt State University is committed to achieving the goals of equal opportunity and endeavors to employ faculty, staff, and administrators of the highest quality committed to working in a multicultural and multiracial community that reflects the diversity of the state.

DESCRIPTION: Humboldt State University and the Department of Environmental Resources Engineering invites applications for an academic year, full time temporary faculty position in Environmental Resources Engineering for academic year 2021/22. Initial appointment will be for the Fall 2021 semester. Subsequent reappointment for Spring 2022 is expected, but will be contingent upon satisfactory performance evaluation, budget, and programmatic need. Depending on satisfactory performance evaluation, available funding, and programmatic need, we anticipate renewing this position in future terms.

As an institution, HSU is committed to eliminating the equity gap in all student populations with dynamic, student-centered practices and policies that fully engage the campus community. The ideal candidate will share HSU's commitment to helping its racially and socioeconomically diverse students succeed in their degree and career objectives.

We value the ability to serve students from a broad range of cultural heritages, socioeconomic backgrounds, genders, abilities, and orientations. Therefore, we prioritize applicants who demonstrate they understand the benefits diversity brings to a professional educational community. The successful candidate will be an equity-minded individual committed to collaborating with faculty, staff, administration, and students who are also committed to closing equity gaps.

RANK, SALARY AND BENEFITS: Rank and salary are dependent upon the appointee's qualifications and experience. The current California State University Salary Structure is available at: <https://hraps.humboldt.edu/faculty-salary-schedule>

Humboldt State University provides an excellent benefits package for faculty. Information about benefits plans can be found at: <http://www.humboldt.edu/forms/node/934>.

PROFESSIONAL QUALIFICATIONS:

The successful candidate must hold either an earned BS or MS in combination with a Professional Engineering license, or an earned PhD in engineering or related field at the time of appointment. Applicants with significant progress towards terminal degree completion by the appointment date will be considered. Candidates with

experience developing curriculum/courses/programs that inclusively serve a diverse student population and facilitate community growth are especially encouraged to apply.

The successful candidate must demonstrate the following:

- ✓ Expertise in Environmental Engineering or related fields;
- ✓ Commitment to and/or experience promoting and fostering an equitable learning environment that is supportive of individuals from diverse backgrounds;
- ✓ Potential for effective teaching or teaching experience using a variety of methodologies; and
- ✓ Commitment to contribute to the departments' mission to support minoritized students.

Preferred qualifications for this position include:

- ✓ Ability to develop, implement, and assess courses in ways that advance equitable and inclusive learning communities; and
- ✓ Commitment to participating in professional development opportunities that build effectiveness in areas of inclusion, intercultural communication, and advancing diversity.

At the time of appointment, the successful candidate, if not a U.S. citizen, must have authorization from the Bureau of Citizenship and Immigration Services to work in the United States. For information on the University policy on support for non-immigrant probationary faculty visa acquisition, please visit the Faculty Immigration Resources page: <https://extended.humboldt.edu/international-programs/immigration/faculty>.

Evidence of degree(s) is required at time of hire.

PROFESSIONAL DUTIES: Candidates should be committed to teaching excellence. The primary professional responsibilities of instructional faculty members in temporary positions are teaching, maintaining office hours and working collaboratively and productively with colleagues. Instructional assignments may include a subset of the following: Introduction to Environmental Engineering, Environmental Data Analysis (including probability and statistics with R), Computational Methods, Systems Analysis, Environmental Impact Assessment, Mechanics of Materials, Introduction to Water Quality, Capstone Design, and basic Engineering Science courses (e.g., Statics, Dynamics, Thermodynamics). The candidate may be asked to teach a senior design elective in their area of expertise.

Instructional assignments will be consistent with the programmatic needs of the department and students.

Humboldt State also continues to build unique and innovative learning opportunities for students, bridging the sciences, social sciences, arts and humanities. HSU is a leader in "learning communities" that build relationships between students, faculty, staff, administrators, and the community. These communities incorporate environmental and social responsibility.

GENERAL INFORMATION The Environmental Resources Engineering (ERE) Program is ABET accredited. It is one of the largest, oldest, and most respected undergraduate environmental engineering programs in the country. The mission of the ERE program is to prepare engineers to solve complex environmental resources problems. The program strives to educate leaders who will sustain, restore, and protect our natural resources and the environment. The program emphasizes hands-on learning; ERE students engage in frequent labs, field trips, and team projects, while enjoying a cooperative learning environment in classes that range from 12-70 students. The majority of ERE classes have fewer than 25 students. The department and university value diversity, inclusion and equity. Currently more than two-thirds of the tenure-track faculty are women, and two of eight tenure-track faculty are Latina. Many ERE students come from groups that have been historically underrepresented in engineering: 32% self-identify as coming from an underrepresented ethnic group, 41% are the first in their family to attend university, and 42% are Pell Grant eligible.

Humboldt State University sits on the traditional homelands of the Wiyot people in what is currently called Arcata, CA. The Wiyot people call the area Goudi'ni (over in the woods). The Humboldt State University campus in Northern California is in close proximity to several thriving Native American tribes and communities. Humboldt State currently has the largest percentage of Native American students in the CSU system and has over 30 Native American faculty and staff, many from local area California Indian tribes. HSU is home to a number of leading Native American programs including the Indian Tribal Education and Personnel Program (ITEPP) and the Indian Natural Resource, Science and Engineering Program (INRSEP). There are also many opportunities at HSU to conduct research, teaching and community work on Native American history and cultures in Special Collections at the HSU library. The Humboldt Room in the Library has fantastic resources for tribally focused archive materials from the region. HSU strives to build a supportive and inclusive Native community and engages with Native communities through various initiatives and opportunities like the annual California Indian Big Time and Indigenous People's Week and a chance to network with other faculty and staff as part of the HSU Council of American Indian Faculty and Staff. For more information, please visit: www.humboldt.edu/nasp

APPLICATION: Qualified candidates should submit the following materials through Interfolio:

Click here to apply: <http://apply.interfolio.com/85350>

- ✓ Letter of application;
- ✓ Curriculum vitae;
- ✓ Statement of Teaching Philosophy, including how it relates to supporting students who have been historically marginalized and/or minoritized;
- ✓ Teaching evaluations, if applicable;
- ✓ Graduate transcripts (unofficial copies are sufficient for initial review); and
- ✓ Names and contact information for three professional references

Additional application materials may be requested at a later time.

Please direct any questions pertaining to this position, the Department of Environmental Resources Engineering or Humboldt State University to:

Margaret Lang, Search Committee Chair
Department of Environmental Resources Engineering
Humboldt State University
One Harpst Street
Arcata, California 95521-8299
Phone (707) 826-3619
Email: engineer@humboldt.edu

APPLICATION DEADLINE: This position is open until filled. First consideration will be given to completed applications received no later than **April 26, 2021**. Early response is encouraged.

It is the responsibility of the applicant to provide complete and accurate employment information. Evidence of required degree(s), certifications(s), or licenses(s) will be required prior to the appointment date. A background check (including a criminal records check, employment verification, and education verification) must be completed satisfactorily as a condition of employment with the CSU. Certain positions may also require a credit check, motor vehicle report, and/or fingerprinting through Live Scan service. Adverse findings from a background check may affect the application status of applicants or continued employment of current CSU employees who apply for the position.

All CSU employees are obligated to respond to and report incidents of sexual harassment and sexual violence. The successful candidate for this position will be mandated to receive relevant training on an annual basis.

Compliance with the California Child Abuse and Neglect Reporting Act (CANRA) and CSU Executive Order 1083 Revised July 21, 2017 (EO 1083) is a condition of employment. CSU employees in positions with duties that involve regular contact with children or positions which supervise such employees are designated as Mandated Reporters under CANRA and are required to comply with the requirements set forth in EO 1083. Upon appointment to this position, the successful candidate(s) will be notified of and required to acknowledge their CANRA reporting status.

New employees hired by the CSU for the first time who first become CalPERS members on or after July 1, 2017 are subject to a 10 year vesting period for retiree health and dental benefits.

Humboldt State University is a Title IX/Affirmative Action/Equal Opportunity Employer. We consider qualified applicants for employment without regard to race, religion, color, national origin, ancestry, age, sex, gender, gender identity, gender expression, sexual orientation, genetic information, medical condition, disability, marital status, protected veteran status, or any other legally protected status. If accommodations need to be made during the recruitment and interview process, please contact Human Resources at (707) 826-3626 or hsuhr@humboldt.edu

Humboldt State University is part of the 23-campus California State University system. The University has a comprehensive arts and sciences curriculum, which is recognized nationally for its high academic quality. Founded in 1913, HSU is one of the premier public institutions in the western United States; it is a residential and rural campus with an enrollment of approximately 7,000 students. The main campus is located in Arcata, California, in the northwestern part of the state along the coast, situated among redwood trees in an area that offers unmatched scenic beauty, moderate climate and opportunities for outdoor activities. The surrounding Humboldt County locale has a population of around 130,000. The community offers an excellent range of businesses, services and cultural activities/performances. The local schools are ranked in the top performance percentiles, both nationally and in the state. Additional information about Humboldt State University can be found at: <http://www.humboldt.edu>.
